

You can make a miracle

You can make a miracle
You can help the children
Because of you, you, too, will be then
You can make a miracle
You can help the children
Reach out your hand, show them that you care

There are so many children
who need that special caring
That special time to help them on their way
Children are the future
Each face is a tomorrow
With any child, the sunshine of today

You can make a miracle
You can help the children
Because of you, you, too, will be then
You can make a miracle
You can help the children
Reach out your hand, show them that you care

The world's spinning faster
with so many needs and changes
It's hard to know what each of us can do
But just one kindness
leads to another and another
Soon the light of love comes shining through

You can make a miracle

You can help the children
Because of you, you, too, will be then
You can make a miracle
You can help the children
Reach out your hand, show them that you care

Reach out your hand and show them that
You can make a miracle
You can make a miracle
You can make a miracle
